

HP 90 STINGRAY™

Heated Detailing Extractor

SPECIFICATIONS

Get ready to speed through automotive details and upholstery cleaning like never before! The HP90 Stingray™ Automotive Detail Extractor packs full-size performance into a compact, mobile-ready body that's brimming with premium features; like a new faucet-fill adapter, molded-in lift handles, and a fresh water drain, that set it apart.

- 5 gallon capacity
- Highly maneuverable and easy to lift
- Single vacuum—100 CFM, 130" water lift
- 1,200 watt, super efficient REAL HEAT™ heater system
- Convenient faucet-fill hose
- Vacuum shut-off float switch prevents over-filling of recovery tank
- Includes 15' hose combo and Air Lite™ Upholstery Tool
